## William Dillin MD

The concepts of evidence-based medicine have been the cornerstone of Dr. Dillin's education during his spine surgery fellowship in Neurosurgery and Orthopaedic Surgery and the format for decision making in his subsequent practice.

The critical analytic features inherent in the 'best evidence' approach to patients have permeated his writing and his lectures, allowing flexible adaptation as the science has changed. Since July 1985, Dr. Dillin has been exclusively devoted to clinical spine, interventional spine and spine surgery practice. The combination of clinical critical thinking in conjunction with evidence-based medicine practice, allows spine specialty focus on any **Independent Medical Evaluations** or **Medical-Legal Reviews**.

He is in clinical practice performing spine surgery, spine interventions and evaluating patients with spine conditions. He is licensed in **California, Texas, Arizona, Florida and Nevada**. Dr. Dillin was a former partner at the Kerlan-Jobe Orthopaedic Clinic and was an associate of the Cedars-Sinai Kerlan-Jobe Institute.

**ORTHOPEDIC SURGEON**

Doctor Richard Smith is the founder and principle orthopedic surgeon of Florida Center for Orthopedics in Metrowest, Florida. The practice has logged over 30 years (and counting) of easing the musculoskeletal disorders and injuries of hundreds of ortho patients throughout Central Florida. Dr. Smith adds another decade onto that number with prior experience as Chief of Spinal Surgery at Orlando Naval Hospital – he was a Lieutenant Commander in the United States Navy Reserve at the time.

All of which is to say, quite simply, that Richard Smith, MD, is a board-certified orthopedics practitioner with 32 years under his stethoscope, and that is a boatload of experience.

Dr. Richard Smith also offers expert services on IMEs, CMEs, QTCs, and Medical Reviews.

**Experience:**

- . 30 + years performing IMEs
- . 1500 + IMEs performed
- . Deposed/Testified 100 + times

## Board Certified Psychiatrist Certified in Addiction Medicine

**Specialty Focus:** Addiction Medicine, Hospital, liability, dual diagnosis, involuntary, psychosis, suicide, workers comp, fitness for duty, expert, malingering, sexual contact, disability, diagnosis, psychotropic medication, detox, inpatient, guardianship, violence

**Years in Practice:** 40 **Years Performing IMEs:** 20+ **IMEs performed:** 100+ **Deposed/Testified:** 25+ times

40 years experience working in psychiatric hospitals, chemical dependency treatment facilities, nursing homes, community mental health centers, and office-based private practice of adolescents and adults with a wide range of psychiatric illnesses and addiction issues. Currently in active practice with a unique ability to perform completely private evaluations in security-sensitive circumstances. Routinely contacted directly to arrange and coordinate independent evaluations, meet with clients without involving others, and can perform evaluations in anonymous locations when necessary. Reports are completed offline without involving any third party in the process (without answering services, recording devices, third party testing, EMR, secretarial/support staff or coordinators, transcriptionists, etc.) ensuring complete privacy throughout the IME process.
