DIPLOMATE  
AMERICAN CHIROPRACTIC  
ACADEMY OF NEUROLOGY

I am originally from Michigan. I completed the required five years of study at New York Chiropractic College in Old Brookville, New York. After graduation I augmented my educational experience by additional studies in Radiology, Orthopedics, and Clinical Nutrition. I sat for and passed the National Chiropractic Board Examination, and passed the state examinations for New York and Florida. I was an associate physician in New York and Florida before opening my practice.

Shortly after opening my practice in Homestead, Florida, I entered into a board certification program in Clinical Neurology. I finished that program and became board certified in 1992. I have been practicing as a neurologist since that time. I sat for the International Board of Neurology and passed. I am board certified and a Diplomate in the International Academy of Chiropractic Neurology.

I am a Diplomate in Electrodiagnosis, Board certified as a Disability Analyst, and Board certified as a Chiropractic Consultant. Finally, I also attended and passed a course in Physical Therapy. I am a licensed Physical Therapist in Colorado and Indiana.

I sat and passed The Department of Transportation's national certified medical examiners test. I am now a certified medical examiner for The Federal Motor Carrier Safety Administration.
