I am a board-certified general neurologist who has been practicing since 2017 in north central Ohio in both outpatient and inpatient settings.

My general clinical interests are broad and include: cerebrovascular disease, cognitive disorders and dementia, epilepsy, demyelinating diseases, movement disorders, and neuro-ophthalmology. I believe I am especially knowledgeable in cerebrovascular disease, neuroradiology, and neuro-ophthalmology. I have performed hundreds of lumbar punctures and hundreds of lumbar epidural steroid injections.
